About IIIT-Delhi

About IIITD

Indraprastha Institute of Information Technology Delhi (IIIT-Delhi) was created by an act of Delhi legislature empowering it to carry out R&D, conduct educational programs, and grant degrees. The General Council is the apex body of the Institute, chaired by Hon'ble Lt. Governor of Delhi and the Board of Governors is the policy and decision-making body of the Institute. The Senate is empowered to take all academic decisions. IIIT-Delhi is accelerating on the path of becoming one of the leading comprehensive research-led teaching institutes in India and has proven to be consistently responsive towards the evolving needs of society. The faculty members at IIIT-Delhi are among the finest in the country and are internationally recognized. Carrying out cutting-edge research is in the institutional DNA of IIIT-Delhi.

ChatGPT for Hardware: Is Artificial Intelligence an Answer?

The evolution of Chat Generative Pre-Trained Transformer (ChatGPT), an artificial intelligence (AI) chatbot, has profoundly influenced our communication, learning, and exploration of the unknown. Numerous studies and news articles have discussed the

repercussions of ChatGPT on the efficacy of academic take-home assignments and projects. Computer engineering and humanities fields have particularly experienced notable challenges due to ChatGPT, leading to some universities imposing bans on its use by students. This blog delves into exciting insights on the effectiveness of ChatGPT for hardware courses in the VLSI domain.

Shades of Life in IIIT-Delhi | A Saga of Kshitiz Bakshi from Class of 2014

College life, as crazy as it may sound, is an amalgamation of education, career, friendships, and much more.

Mukul Chhabra- The Youngest Entrepreneur of IIIT-Delhi!
