Ph.D. Admissions (Monsoon Session, AY 25-26)

Shortlisted Candidates

The goal of the Ph.D. program at IIIT-Delhi is to empower students to become part of the global research ecosystem, and contribute to research organizations and top class universities across the world. The program is based on the best practices models at top universities across the world. IIIT-Delhi offers Ph.D. programs in Computational Biology (CB), Computer Science and Engineering (CSE), Electronics and Communications Engineering (ECE), Human-Centered Design (HCD), Mathematics (Maths), and Social Sciences and Humanities (SSH). "Candidates qualified for UGC/CSIR JRF, DST INSPIRE, DBT Fellowship and fresh B.Tech. graduates with research aptitude are strongly encouraged to apply. GATE score is not mandatory for some departments." The PhD graduates of IIIT-Delhi hold faculty positions at multiple top-tier universities in India and abroad, such as BITS-Pilani, IISc, IIT-Gandhinagar, IIT-Allahabad etc. . Many of them also hold research or advanced development positions in industry, such as HFCL etc. . IIIT-Delhi expects to continue the same level of excellence in research that has distinguished it over the past 15 years.

Eligibility Criteria

For discipline wise minimum eligibility criteria, please [click here](#). The concerned Department may use higher cut off levels for shortlisting besides giving due consideration to the way questions are answered in the application form. Candidates

belonging to SC/ST/Differently abled categories would be eligible for relaxations, as per norms, in the selection criteria. (Details mentioned in theFAQpoint no. 2)

Admission Categories

Regular Ph.D. -Candidates who are not holding regular work/employment and are primarily engaged in their academic program only. Those who are already employed will have to resign and submit the relieving before joining the Programme. Sponsored Ph.D. -IIT-Delhi allows highly motivated working professionals to pursue a Ph.D. degree while still employed at the sponsoring organization. [Click here for more details.](#)

Financial Support

Students joining the Ph.D. program as regular students will be considered for Institute Fellowship. Presently institute provides attractive compensation w.e.f. 1st January 2025 of Rs. 60,000/- per month (including HRA) and Rs. 1.5 lakh to cover two weeks of international lab visit.

Additional Financial Support

Institute Travel Grant

Full time Ph.D. students are encouraged to present their research work at International Conferences. Financial support of up to Rs. 2.5L for the entire duration of the program is available.

Admission Procedure

Rolling Admissions -It is meant for candidates who have a clear idea of the area they want to work. The interested candidates are expected to interact with the concerned faculty member(s) in IIT-Delhi and get their consent for working with him/her. However, such candidates will undergo a full selection process before being admitted to the Ph.D. program. [Click here for more details.](#) Regular Admissions -The regular admission happens in two cycles; once during February - April every year (for Monsoon Session) &

other during September-November every year (for Winter Session). Applications are invited from eligible candidates through an open advertisement. Admission is generally offered on the basis of an interview and/or written test, if necessary. The Institute will invite a limited number of candidates for a written test and interview based on the academic records, statement of purpose, etc. The final selection will be mainly based on academic credentials, written test and/or interview. The candidates who do not qualify in the written test need not appear for interview. The reserved category candidates will be given due relaxation in cutoff marks as per the norms. The outstation candidates (non-NCR) who are shortlisted to appear for the written test/ interview, will be reimbursed their travel fare by second sleeper or public bus fare by the shortest route, whichever is cheapest. They will have to furnish the proof of travel. If a candidate decides to choose a different mode (e.g. 3AC, air, etc.), they will be only reimbursed the second sleeper or public transport bus fare by the shortest route.

Application Procedure

Note: The Institute reserves the right to call or not to call eligible candidates for the admission process. Institute reserves the right to make changes in the admission procedure including schedule of test/interview. The changes made, if any, will be notified on the website.
