

Workshop on Partial differential equations : theory and numerics June 2nd - June 14th, 2025

About the workshop

The workshop on Partial differential equations : theory and numeric is being organized at IIIT Delhi during June 2nd - June 13th, 2025. This workshop aims to encourage and train final year M.Sc. Students and Ph.D. students working in the field of numerical solutions to partial differential equations. Both theoretical and computational aspects will be covered.

About IIIT-Delhi

Indraprastha Institute of Information Technology Delhi (IIIT-Delhi) was created by an act of Delhi legislature empowering it to carry out R&D, conduct educational programs, and grant degrees. IIIT-Delhi is accelerating on the path of becoming one of the leading comprehensive research-led teaching institutes in India and has proven to be consistently responsive towards the evolving needs of society. The faculty members at IIIT-Delhi are among the finest in the country and are internationally recognized.

About the Department

The department of mathematics provides a vibrant environment for research and teaching in mathematics. The department was set up in 2017, and currently consists of 11 full time faculty members, 3 joint faculty members, one visiting faculty member, and two lecturers whose research areas include Algebra, Algebraic Coding Theory, Number Theory, Combinatorics, Theoretical Computer Science, Applied Cryptography, Computational Mathematics, Functional Analysis, Operator Theory, Partial Differential

Equations, Operator Algebras Mathematical Biology, Mathematical Logic and Foundations of Mathematics, and Statistics. The department offers a four-year undergraduate program: BTech in Computer Science and Applied Mathematics (CSAM), and a Ph.D. program in Mathematics.
