Internships @ IIIT-Delhi

Internships

Internship is not a mandatory part of the IIIT-Delhi curriculum. However, student/s can opt for following kinds of internships only if they fulfill their academic requirement: 1) Summer Internship: Duration- May - July (06 to max 08 weeks) Eligibility -Only B.Tech. students can go for a summer internship 2) Semester Long Internship: Duration -January - June (04 to 06 months) Eligibility - A) B.Tech. students can go for a semester-long internship in their 8th semester (starting from January) post fulfilling academic requirements. B) M.Tech. can only go for a semester-long internship in their 4th semester (starting from January) post fulfilling academic requirements.

Know about

Intern Hiring Process

The company needs to get in touch with the placement cell & share their requirements along with JD & stipend. Information is shared with the students & the process is further initiated by the placement cell.

Internship Policy

We follow the "One Student One Internship" policy for all the above-mentioned internships. All offers are deemed to be accepted. Code of Conduct 1. A student once registered for the Internship offered through the placement cell needs to complete the

process. Failing to do so, leads to debarment from the internship and the placement process. 2: Rejecting an internship offer is not allowed, doing so leads to the debarment both from the further campus internship and campus placement process. 3: Off-campus internships are not under the preview of the placement cell, but at the same time if a student is also participating through the campus process then if he/she is offered /selected in the campus process, he/she will have to go with the campus offer & the Off-Campus offer will not be considered.
