Our Alumni Testimonials

Words from Alumni

Pulkit Arora

IIIT-Delhi is an exceptional place for IT enthusiasts. The variety of courses at offer here is immense. The faculty here puts in a lot of efforts to ensure high-quality education for the students, which has helped us perform well in our careers. The number of career oppurtunities you can choose from is enormous, includeing research, IT/software development, and non-tech options. I'd like to thank all the people driving this institute; without whom it wouldn't have been possible to achieve what we have today.

Devyani Rohilla

The best time of my whole education was when I landed up in IIITD. It has everything which is essential for a person's growth both academically and socially. The great emphasis on practical learning, industry-oriented courses and continuous learning and assessment moulded us in a way so that we can easily fit into our jobs and researches.

Prafful Bansal

It gives me immense amount of pride and delight as I restrospect about the time spent at IIITD. The four years bought a complete overhaul in my personality and helped me grew both personally and professionally. The innovative curriculum & guest lectures provides you a multi dimensional learning with a mix people from both academics and

the industry. I owe my heartiest thanks to Dr. Pankaj Jalote, Ms. Rashmil Mishra and the Placement Cell.

Sarthak Ahuja

I entered IIIT-Delhi with only a minor inclination towards computer science. Besides academia, I got ample opportunity to explore my interests, develop new ones and even take up roles to help others do the same. From the perspective of an 18 year old, full of curiosity and confusion, this is one of the best places to be because of its people where everyone has taught me something or the other here.

Jeevan Joshi

People at IIITD are enthusiastic who work tirelessly to bring the best to the campus. It's been an absolute pleasure to be associated with a campus that mentors and encourages one to achieve the best. As part of the M.Tech. program @ IIITD, I had the opportunity to work as teaching assistants to various courses besides being involved with Library and Placement Cell as well. My involvement with the Placement Cell has helped me develop management and communication skills, which shall certainly help me achieve my career goals. I owe my heartiest thanks to the Placement Cell @ IIITD.

Ritika Jain

The time I spent at IIITD during my masters was the best time of my entire education span. The best thing about IIITD is that students feel energetic and enthusiastic towards education and career. The faculty here has been simply amazing, always approachable and welcome any questions. The institute staff is very supportive. The relief to the rigorous schedule and hard work is provided in the end by the placement department to whom I would like to give my special thanks. I will always keep on recommending everyone to pursue education from IIITD.

Srishti Gupta

The stay was / is extremely wonderful. IIITD gave a platform to grow professionally and

personally. I learned lot of new things, thanks to the guidance and efforts of our esteemed professors. The course structure and teaching methodology matches equally with top colleges / universities in the world. IIITD gave a lot of exposure into research work and an opportunity to travel abroad (US). Cheers to IIITD!

Kanika Narang

IIIT Delhi provided great environment for studies and conducting research. Most of the professors ensured continuous evaluation and challenging assignments to ensure thorough knowledge of the subject. The professors and even the director was very approachable and the students can interact with them on any matter. Many dedicated and active research groups were available to inculcate the practice of conducting research from the beginning.

Siddharth

IIIT-Delhi have been the most important years for my educational development, learning, professional attitude and all-round personal growth. What I cherish most about our institute is the healthy academic environment, the responsibility and freedom we are given even as 1st years, and the opportunity to build informal and congenial relation with faculty and peers. Any words of praise cannot sufficiently convey the delight our professors are. They make our institute's environment so vibrant and lively.

Sumit Arora

An institute with a vibrant director, highly skilful and expert professors with an up to date global curriculum. Obviously it will be one of the best in India very soon.

Avineet Kaur

Great professors who are always eager to share their knowledge with all the students and are ready to learn from the students. Great leadership by Professor (Dr.) Pankaj Jalote. Particularly great learning experience with Professor (Dr.) Ashish Sureka, Professor (Dr.) Richa Katyal, Professor (Dr.) Gaurav Gupta, Professor (Dr.) Astrid Kiehn

and Professor (Dr.) Mayank Vatsa.

Meetakshi Sethiya

Choosing IIITD over other obvious choices has been one of the best decisions I could have made for myself. My journey here has been nothing short of transformative- in a way that has shaped me into a well-rounded individual. Something that I admired since the start was the curriculum; which has been carefully designed to provide a holistic education experience in whatever field a student might wish to explore and faculty who are genuinely passionate about teaching and learning. Students are given opportunities to hone their technical skills, but also learn the intricacies of finance, biology, social sciences. The students are passionate and driven. At any point in time one can see them engaged in not only hackathons and technical projects but also extracurricular activities like event organisation, clubs, sports etc. IIITD's commitment to academic excellence, its amazing research-driven culture, industry exposure, the beautiful campus and the vibrant campus life has given me the best and most productive four years of my life. The road was tough, no doubt but I have grown a lot- not just academically, but personally too. I will proudly carry the IIIT Delhi legacy wherever I go.

Aniket Verma

IIIT Delhi offers a transformative experience to its students, equipping them with the necessary skills and knowledge to excel in life. The curriculum is designed to encourage self-growth and exploration, enabling students to push their boundaries and delve into new areas. Practical learning takes precedence, providing valuable insights into real-world project implementation. The college fosters a supportive environment that allows students to venture into diverse fields, such as finance, psychology, and even biological sciences research. The array of opportunities seems limitless, bolstered by unwavering support from the institution. Moreover, the dedicated placement cell tirelessly strives to secure placements across various industries, ensuring students can

pursue their passions.

Garvita Jain

IIIT Delhi prepares you for life. The courses are designed for you to push yourself and explore things in ways you haven't before. The primary focus is always on gaining practical knowledge and experience which helps us understand how projects are carried out in the real world. They provide us with opportunities to explore different fields and our interests as well, from finance to psychology or even research in biological sciences for that matter. The opportunities are endless and the support is constant. On top of that, the placement cell works really hard to get companies working in different fields, offering various different profiles so that the students get the opportunity to work in a field they are passionate about.

Munish Thakral

Four years at IIIT Delhi have been one of the best experiences of my life. IIITD prepares you for the world; the competitive environment & continuous deadlines push you beyond your limits and help you understand the value of your work. This, combined with the academic effort to push practical projects into each course, enables you to develop the required skills and develop yourself into a professional being. The faculty at IIITD puts a tremendous amount of effort into making courses more industry oriented so as to prepare us better for the corporate world. The Placement Cell makes a huge effort to get better companies year after year, offering numerous job opportunities in reputed organizations.

Arjun Tyagi

IIITD was the turning point of my life. In my two years of masters in computer science, I don't remember a day when I woke up without a new challenge in hand, IIITD moulds you the way you want from world-class research to the best placements in the country. I would personally like to thank Dr. AV. Subramanyam and all the other faculty who put

tremendous efforts. Also, the Placement Cell who works so hard to bring fantastic job opportunities for the students. I am so grateful to be a part of this institute.

Mayank Rawal

My entire tenure at IIIT Delhi has been a life changing experience. The institute provides ample opportunities to support the students to learn about their interests. From motivating me to understand the basics of electronics to helping me appreciate the intricacies of economics and finance, the professors left no stones unturned to help us achieve excellence. To top it off, the placement cell works really hard to help us get placed in the best companies. In my particular case, I am placed in the finance sector because of my keen interest in it. I would like to express my gratitude to the placement cell for the constant support and various opportunities it provides to all the students.

Agam Singh Bajaj

IIITD finds itself achieving great feats in its small history thanks to its unique approach in teaching and development. At any given time on campus, you would find students working on the newest technologies and fresh ideas. The equal emphasis on horizontal and vertical growth is a fresh approach into producing a confident breed of Engineers. Then be it higher education or placements, the infrastructure in place, training and efforts by the placement cell, ensure the bright future of students. Looking back I am forever grateful to this institute for paving the way for me to the career of my choice.

Akash Deep Singh

The research facilities and guidance that is available at IIITD is second to none. Undergraduate students are encouraged to work on challenging research problems under the guidance of exceptionally skilled faculty members. IIITD also supports its students in any career path that they decide to pursue, be it industry, academia or entrepreneurship. The Placement Cell at IIITD is proactive in helping students find the job that fits their skill-set and aspirations perfectly. Around 100 companies visit the

campus every year and offer jobs ranging all the way from core profiles like software development to non-technical jobs like consultants/analysts etc.

Sagar Khurana

IIITD is the best thing that could have happened to me. IIITD prepares you for the world; the competitive environment & continuous deadlines pushes you beyond your limits and helps you understand the value of your work. This, combined with the academic effort to push practical projects into each course, enables you to develop the required skills and develop yourself into a professional being. I have grown beyond what I could have at some other place. The people and work here have always motivated me to follow my passions and push beyond my limits to achieve the best.

Lakshit Tyagi

In a very short span of time of its existence, IIITD has definitely become Mecca for IT enthusiasts. A well planned curriculum along with vast majority of courses and well renowned faculty guarantees high quality education. With extremely hard working and helpful Placement Cell, Institute offers vast amount of opportunities in various domains. It fills my heart with joy and pride unspeakable to be associated with the Institute of such stature. A heartiest thanks to Institute and all the people associated with it for being such a wonderful stepping stone for our careers.

Yash Sadana

IIITD is a great spot in terms of learning and polishing the skills of an individual. Since the day 1 my learning started, the faculties put tremendous amount of efforts to make courses more industrial oriented which helps us in surviving in this competitive world. IIITD provides lots of opportunities in terms of higher studies as well as getting jobs in reputed organizations. PlaceCom team make huge amount of efforts to get better companies every year and breaking their own placement records. The efforts made by PlaceCom and faculties are remarkable . Feel blessed to be a part of IIITD.

Words from Academicians

Sanjeev K Aggarwal, Dean

IIIT-Delhi has done an excellent job of recruiting high quality faculty in a very short time.

M. Balakrishnan

IIIT-Delhi is championing the model of self-sustainability, which has huge potential for scalability.

Krithi Ramamritham

In a short time IIIT-Delhi has brought together a strong internationally-trained multidisciplinary faculty with varied experience.

Dheeraj Sanghi

IIIT-Delhi is the newest amongst the IIITs. Though it has been in the existence for only 3 years, it has already started making waves. It has been able to attract excellent faculty, start strong research programs, have a great curriculum, and everything else that you would want from a good institution.

Shubhashis Sengupta

We had three interns from IIIT-Delhi working in R&D projects at Accenture Technology Labs India. All three worked sincerely, and we found them to be technically very well prepared as well as possessing adequate soft skills. They were as good as the peer group from tier-one technical institutes in India.

Prof. John Hopcroft

It is great that India has created another first rate educational institution. I hope others will follow your example of striving for excellence in education and research.

Prof. Satish K. Tripathi

I am confident, given the leadership and the high quality faculty the Institute has already recruited, that IIIT-Delhi will be one of the top Institutes within a few years.

S. N. Maheshwari

IIIT-Delhi stands out for the planning, attention to detail, ... provided the Institute does not lose sight of the objectives and goals.

Prof. Rajeev Sangal

I see IIIT-Delhi coming up in right earnest with innovative programs ... also addressing all round development of the student.
