

Search form

Research Centres, Groups, Labs

Research Centres

Centre for Intelligent Product Development

Center for Quantum Technologies

DataKart Centre of Excellence

Centre of Excellence in Healthcare

Centre for Design and New Media

Centre of Excellence on Sustainable Mobility

Centre of Excellence on Light Fidelity

Centre of Technology in Policing

Infosys Centre for Artificial Intelligence

Centre of Excellence in Human Computing

Research Groups

Natural Intelligence Group

Theoretical Computer Science

Program Analysis Group

Graphics Research Group

High Speed Electronics Group

Visual Conception Group

Research Labs

Urban Research Lab

Ethnography Lab

Applied Data Science and AI lab

Quantum Electronics Lab

Algorithms to Architecture Lab

Wirocomm Lab

Advanced Multi-core Systems Lab

Mobility and Optimization Lab

Nanoscale Devices and Circuit Lab

Space Systems Lab

Signal Analysis for Large Scale Applications (SALSA) Lab

Accessibility and Inclusive Design Lab

Design and Innovation Lab

Quantum Computing Lab

Academic Writing Lab

Weave Lab

Cryptology Research Group (CRG) Lab

Human-Machine Interaction Lab

High Performance Computing Lab

Flame NLP Lab

Melange Lab

MIDAS Lab

Knowledgeable Computing and Reasoning Lab

Networks Research Lab

Visual Media & Signals (ViMS) Lab

Cross-Caps Lab

Raghava Lab - Computational Biology for Health

Complex Systems Lab

Sengupta Lab - Algorithms for Transcriptomics of Tomorrow

Reggenlab: Regulatory Genomics Lab

Ray Lab - Computational Structural Biology

Tav Lab - AI/ML for Medicine and Public Health

The Chemosensory Lab (Ahuja Lab)

Systems and Mathematical Biology lab

The Translational Biology Lab (Dhanjal Lab)

Signal processing and Bio-medical Imaging Lab
